Soft Skills

- Teamwork
- Problem-Solving
- Adaptability
- Hard Work

INTERESTS

- Football
- Running
- Hiking

CAREER OBJECTIVES

I am a frontend developer with a strong passion for Vue.js, aiming to continuously improve my skills in building scalable and efficient web applications. My goal is to leverage my expertise in Vue.js to create intuitive, user-focused experiences while contributing to innovative projects.

EXPERIENCE

- 📅 06/2023 - Present **Freelance Developer**
📍 Personal Projects, Remote
Worked on diverse personal projects to develop and refine programming skills. Focused primarily on Vue.js, with additional experience in React.js, Arduino, and Python. Created various mini-applications to apply theoretical knowledge and gain practical experience in frontend development and hardware interfacing.

EDUCATION

- 📅 12/2019 **High School Diploma**
📍 Campestre San José, Acacias-Meta
- 📅 6/2020 - In progress **Degree in Electronic Engineering**
📍 Universidad de los Llanos, Villavicencio

ACHIEVEMENTS, HONOURS AND AWARDS

- 🏆 Third best ICFCES score from the institution with the highest average in the Meta department - Colombia.
- 🏆 Currently in my ninth semester of Electronic Engineering with an overall GPA of 4.3/5.0

CERTIFICATES
